### COVID-19

We hope you are continuing to stay healthy and safe! It is a relief some services are re-opening with many new protective guidelines. We are providing services however it continues to be very quiet. We miss those not attending and cannot wait to get back to the new normalcy!

We have been actively preparing to ensure we are providing the safest service environment possible. Services have changed, will continue to change and will be very different. If you are not currently attending, please begin to prepare now. Please go to our website and ensure you read and review our COVID 19 in the Service Site policy and procedure. If you cannot access the internet, please contact the supervisor and they will print and mail you a copy. If you have not been attending, we require one weeks notice of your plan to return to ensure we are prepared.

There are new requirements when attending: Please again ensure you read the COVID 19 in the Service Site policy and procedure.

- We will be constantly sanitizing and cleaning.
- Wearing a mask is a requirement, understanding that for some this may not be possible. Please contact the area supervisor directly if you or the person you are supporting is unable to wear a mask to plan how they will be safe and how we can make sure other people stay safe as well.
- We will issue each person one cloth mask. If a person does not come with their mask, the person's caregiver or family will be contacted and required to bring it.
- Social distancing will be practiced and "imposed". There will be no hugging, handshakes, fist pumps, etc. and physical contact of any kind will be limited to what is necessary however completed with the utmost respect.
- Temperatures will be checked when entering our buildings. If an above normal temperature is detected (above 38°C or 100.4°F), the person will have to go home.
- Hands must be washed immediately after entering our buildings and through-out the day.
- We will not be providing any food or beverage including coffee and water, etc. People must bring their own food, water and beverages. If people do not arrive with a lunch that has water or beverages, the person's family or caregiver will be contacted and required to bring it.
- If we identify or are concerned that a person attending is not well, they will be required to go home and may not be able to return until the pandemic is over.
- Visitors cannot come into our locations unannounced. Appointments must be scheduled.
- We encourage each person to bring their own small bottle of hand sanitizer.

### Pathway's Passionate Pet Bed Volunteer

Over the course of the last six months. Brad Burditt needs recognition for his passion of cutting material into small pieces for the stuffing of Pet Beds that Pathway's donates to the Humane Society. With regular volunteer placements closed as well as activities Brad had consistently participated in Brad become bored. I brain stormed with Brad and he was so grateful and enthusiastic in doing this volunteer job. So I am writing this for appreciation recognition as well as being Pathway's Volunteer of the month.
